CONTRACT TECHNICAL PERSONNEL

*providing the human component...*

*for today's technology*

Partners with Industry for More Than 30 Years

### Experts in Our Field

#### Experts In Our Field

Triad Engineering Corp has been satisfying our clients' urgent temporary technical staffing requirements since 1969. During this time we have developed a thorough knowledge of the industry and have established lasting partnerships with our clients. It is through this important combination—unique in today's environment—that Triad has been able to continuously deliver the expert staff our clients need to be successful.

### Our Commitment

#### Our Commitment

At Triad, we are committed to helping our clients reach their goals. As a long-standing member of the community, Triad has a thorough knowledge of the needs of our clients and contractors and the in-depth understanding of the marketplace required to deliver on this promise. This is why Triad guarantees the quality of our contractors.

### Flexibility and Added Value

#### Flexibility and Added Value

Companies face unprecedented competition in today's markets. To be successful, organizations must have the flexibility to respond quickly to ever-changing conditions. Triad helps you meet that need with a full range of temporary contract technical services. Our experts are there when you need them, and for as long as you need them.

### Technical Expertise that Gets the Job Done

#### Technical Expertise that Gets the Job Done

Triad's technical contract professionals provide cost-effective, specialized skills to meet defined needs. Our proven, specialized recruiting process identifies only the most skilled and knowledgeable workers experienced in the technologies important to you. Triad's experienced in-house staff manages all details for you, including sourcing, interviewing, assessing qualifications and verifying references.

### Advanced In-House Technology

#### Advanced In-House Technology

Triad has made significant investments in customized, in-house technology to ensure that our clients benefit from the most rapid and accurate resume matching system available today. With this resource, Triad can swiftly satisfy our clients' requirements while placing contractors in challenging, career-enhancing positions where they can add value and make significant contributions.
